USED FOR: GOLF / BASEBALL / SOFTBALL / SOCCER / FOOTBALL / AND MORE!

DELUXE SPORTS CAGE WITH SNAP BUTTON FRAME INSTRUCTIONS

10' wide x 10' deep x 10' high

PARTS LIST:

Included:

- (1) 10' x 10' Sports Cage
- (1) 10' x 11' Heavy Duty Impact Net with Velcro straps

- (22) pcs Frame pipe with holes for snap button (A)
- (11) pcs Frame pipe with snap button (B)
- (6) 3-way steel corners with tightening screws
- (2) 2-way steel fittings for front bottom of frame

SPECIAL NOTE:

Golf Practice: When using the Sport Cage for golf, install the impact net to the cage so that it hangs loose like a curtain so that the netting can absorb the impact of the golf ball. If the impact net is pulled tight, golf balls will penetrate the impact netting.

Wind Support: In high wind areas, rope supports may be needed from top of cage to ground.

INSTRUCTIONS: (See attached instruction diagrams)

STEP 1: Take pipe out of box. Each frame pipe consists of 1 piece of pipe with snap buttons and 2 pieces of pipe with holes (see Diagram below). Push pipes with snap buttons (B) into end of pipes with hole (A) until button snaps securely into hole. Repeat this step to make 11 pipes. Assemble frame by attaching corner fittings to poles as shown in attached Diagram.

STEP 2: Top: Once the frame is assembled, start at the back top corner and attach the Velcro straps to poles on all 4 sides of the top. Adjust Velcro straps to distribute tension evenly. (See Diagram)

STEP 3: Sides: Attach Velcro straps to 4 vertical poles and adjust to distribute tension evenly. (See diagram)

STEP 4: Bottom: Attach Velcro straps to bottom pipe on all 4 sides and adjust to distribute tension. (See diagram)

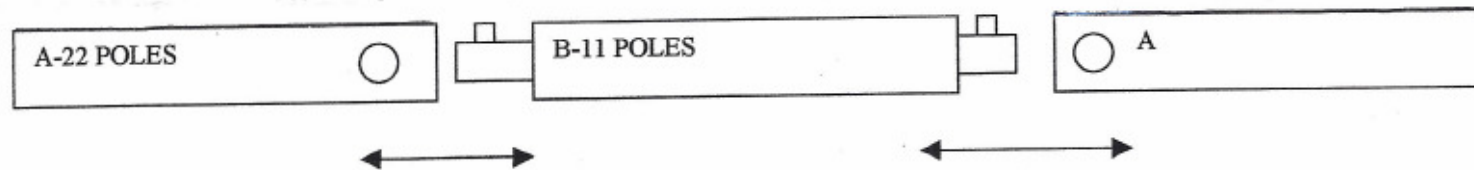

STEP 5: Install the impact net to top back of sport cage. (Impact net must be fastened to Sports Cage by attaching Velcro straps to rope in top back of cage.) (See Diagram)

STEP 6: Adjust tension as needed by adjusting velcro straps.

Note: The impact net is a consumable item. Life expectancy is dependent on usage.

WARNINGS

This is not a toy. Make sure people, especially children, do not climb on or stand around or behind the Sports Cage at any time. When in use, the Sports Cage must be located in an area where its use cannot cause damage to persons and/or property. Make sure there is no person or property in the Sports Cage during its use.

Any failure by the consumer to follow the installation instructions and the warnings set forth above will make the Sports Cage unsafe and harmful to persons or property. Any use of the Sports Cage is at the consumer's own risk.

Do not hit ball directly into sides or top of cage. The sides and top of cage are not designed to take the impact from a direct hit. Balls should be hit directly into the impact panel.

WIND: If using outside in windy areas, rope or wire supports should be used to attach top of cage to ground or other stable structure or cage may flip over and be damaged.

Limitation of liability for damages: The manufacturer and its distributors shall not be liable to any user of the sports cage for any breach or warranty, for negligence or strict liability in tort or for any incidental, special or consequential damages arising from or out of the use of the sport cage, including, but not limited to no liability for loss of profits, wages or revenue.
